The Guides and Scouts of Sweden

Scouting in Sweden is a vibrant, co-educational movement that brings together more than 80,000 members across the country. Formed through the unification of several historical Scout and Guide associations, **Scouterna** embodies a modern, inclusive, and forward-looking expression of Baden-Powell's vision.

Founded in the early 1900s, Swedish Scouting has evolved in close harmony with the nation's deep respect for **nature, democracy, and equality**. Its activities are guided by the Scout Method — learning by doing, leading, reflecting, and growing together. Today, Scouterna continues to empower young people to make a difference in their communities and to become young people who make the world a better place.

Thousands of volunteer leaders guide local Scout troops across Sweden, in cities, small towns, and throughout the vast countryside, supporting the youngest Spårare (8–9 years) to Rovers (19–25 years). Swedish Scouts are renowned for their strong environmental commitment, adventure-based learning, and leadership training rooted in **friluftsliv — outdoor life** — a cornerstone of Swedish culture. From winter expeditions in Lapland to sailing among the archipelago islands, their activities reflect both challenge and care for nature.

Scouterna's national headquarters are based in Stockholm, home to its leadership, training centre, and **Scouternas folkhögskola** — the national school for Scouting and leadership education. This vibrant hub offers programmes that promote sustainability, inclusion, and civic engagement.

During our 78th BP Fellowship Event, participants will have the opportunity to meet Swedish Scouts and leaders, explore their innovative approaches to youth development and sustainability, and experience the **"Simply Scouting" spirit** that continues to make Scouting in Sweden a global inspiration.

Celebrating our commitment to young people worldwide

As BP Fellows, you share a deep passion and understanding for how Scouting transforms the lives of young people and strengthens communities around the world. Thanks to your commitment, Scouts are empowered with the skills, confidence, and values to address today's most pressing social, economic, and environmental challenges. We look forward to highlighting how you contribute to this impact during our 78th BP Fellowship Event in Stockholm, Sweden.

Next May will be a moment to celebrate our fellowship and shared commitment together with His Majesty, a life-long Scout who has dedicated (almost) 50 years of service as Honorary Chairman of the World Scout Foundation. We believe the best way to honour and thank His Majesty is by supporting the cause to which he dedicated his life: Scouting.

In this spirit, we warmly invite you to honour his legacy and help fund the future of Scouting by contributing to the King's Appeal — a time-bound, global opportunity strengthen your commitment to World Scouting and help shape a more peaceful, inclusive world. We will share more information with you in the coming weeks. As part of the appeal, you can also increase your impact by joining or moving through the Honours Programme, or by introducing new friends to the Fellowship.

The 78th BP Fellowship Gala Dinner in Stockholm will provide an elegant occasion to recognise and celebrate new BP Fellows with our iconic gold pin, and to further thank and acknowledge those increasing their commitment to the growth and development of young people worldwide.

Above all, our three days together will strengthen our fellowship and provide meaningful moments to celebrate your continued generosity, as we work together to widen our network and strengthen support for World Scouting.

We remain deeply grateful for your time, dedication, and unwavering generosity.

Our Event Identity & Logo

Our event identity centres on the timeless symbol of **the dove of peace**, reimagined in a modern, low-polygon Scandinavian design inspired by **HM King Carl XVI Gustaf's motto: "For Sweden – With the Times."**

The logo's **white colour** represents peace and unity, complemented by the **blue and yellow** of the Swedish flag. Its minimalist 3D form reflects both tradition and innovation, embodying Sweden's spirit of balance — lagom — and Scouting's message of **diversity, inclusion, and hope for a peaceful world.**

78th BP Fellowship Event Programme

Our event programme offers a unique opportunity to celebrate **HM King Carl XVI Gustaf's 80th birthday** and his lifelong commitment to Scouting, explore and celebrate the impact of Swedish and international Scouting and reflect on the role of Scouting in promoting **peace, inclusion, and international understanding**.

Participants will also strengthen friendships within the Fellowship, experience the vibrant culture and history of **Stockholm**, and advance the Foundation's mission to support and grow **World Scouting**.

8 MAY Stockholm Tour Old Town, Stockholm

Take the opportunity to see both **the Royal Palace** and **the Old Town**, on a walking tour through the foundations of the city of Stockholm.

In the Old Town you will get a feel for 800 years of life on the central island of Stockholm. Most of the buildings represent the 17th century, still the city plan originates from the Middle Ages between 13th and 16th centuries. The small alleys and cobbled stone streets have many stories to tell.

The highlight of the tour will be a visit to the Royal Palace of Stockholm. This is the workplace of HM The King of Sweden, where he receives honoured guests such as new ambassadors, Nobel Prize laureates, and receivers of royal orders. In the palace, the King has regular meetings with the government and parliamentarians. Constructed in the 18th century, the palace is one of the largest in Europe with more than 1,300 rooms. The interiors and art collection includes traces from history and gifts from states and nations of the world, mainly Europe. Please be prepared for an active tour involving many cobblestone paths, hills and staircases.

Dress code: *Casual, with comfortable footwear for walking.*

For those for whom the walking tour is not suitable, we offer a guided tour by bus (limited walking) where you will see a number of classical landmarks in Stockholm — the city on water.

8 MAY Seminar “A Peaceful and Inclusive World”
The Filadelfia Conference Centre

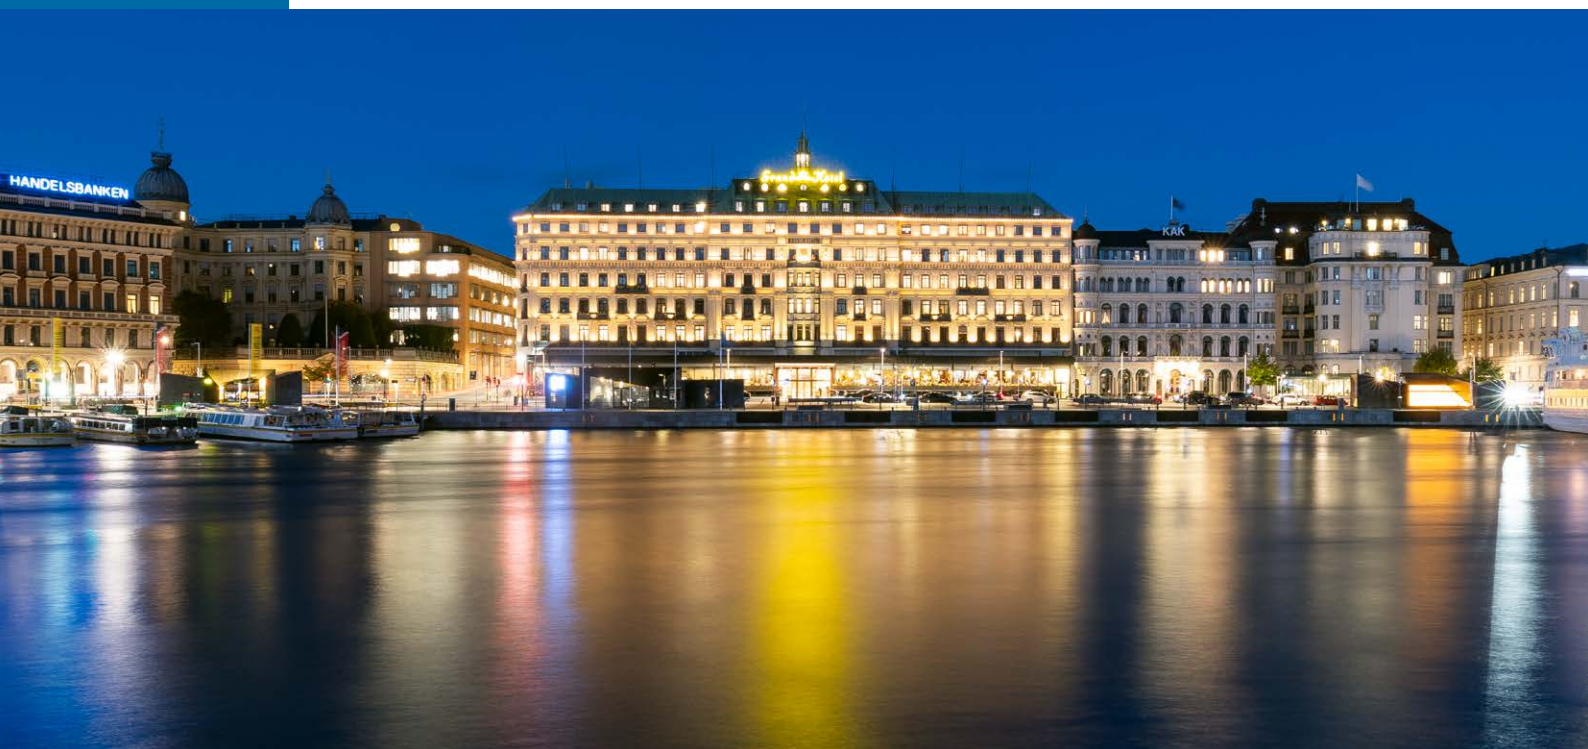

Join a unique seminar that brings together leaders and changemakers from around the world to reflect on one of the most important questions of our time: How can inclusive leadership create peace and thriving societies?

In the presence of HM The King of Sweden, the seminar will offer an intimate space for dialogue and reflection, where listening and exchange are central. Participants will hear from world-class speakers — spanning business, politics, culture, and the next generation — and share an experience designed to spark new perspectives and deeper understanding.

The seminar will be anchored in the values of Scouting, an organisation dedicated to peace, inclusion, and preparing young people to be citizens of the world. These values form the foundation of this seminar, offering participants an experience that is both personal and shared: a rare opportunity to explore leadership that brings people together for the greater good.

In a reflective and thoughtful atmosphere, the seminar will also invite active engagement. Inspiring presentations will be combined with facilitated dialogue, creating the possibility to listen, exchange, reflect and learn together. Participants will leave with a deeper appreciation of inclusion as a leadership strength, a network of like-minded leaders and changemakers, and perspectives that will continue to shape their leadership long after the seminar ends.

7 May Pre-Event Tours

TOUR 1

The Vasa Museum ABBA The Museum

Join us for a full day tour where we will visit two of the main attractions at Royal Djurgården, each of them representing two very different aspects of Swedish history and culture. We will visit the Vasa Museum and ABBA The Museum. The tour will include lunch between the two museum visits.

The Vasa Museum is the most visited tourist destination in Scandinavia. In 1628 the greatest warship in the Baltic Sea sank on its maiden voyage after a few hundred meters sailing in the port of Stockholm. For 333 years it was waiting at the bottom of the sea for its rescue in 1961. In the museum the ship is at full display in almost the same greatness as on the fateful day in August 1628.

The four members of the pop group ABBA started creating music in the 1960s. In the museum you will join this legendary group on their journey from young musicians up until today's avatar experience in London. You will have an interactive experience where you can sing and perform your dance with ABBA on the stage. The collections on display include their stage dresses, iconic instruments, selected stage props and others. The museum's slogan is "you walk in and dance out".

SEK 1,850

Minimum 10 participants

Provisional timing: 09:00–15:00

TOUR 2

The Vasa Museum (afternoon only)

SEK 700

Minimum 10 participants

Provisional timing: 13:00–16:00

TOUR 3

Drottningholm Palace

Join us for an excursion to Drottningholm Palace, the home of HM The King of Sweden. The tour will include lunch between visiting the palace and the gardens.

Drottningholm Palace was commissioned by four Swedish queens representing different eras. Queen Katarina Jagellonica in the 16th century started the building of a palace on the property. The central part of the building was made by Queen Hedvig Eleonora in the second half of the 17th century. She also commissioned the baroque part of the beautiful park. Queen Lovisa Ulrika continued the expansion in the middle of the 18th century with the rococo wings. She also built the famous Drottningholm theatre, which still hosts popular opera performances, and the English park section in the gardens.

Finally, Queen Joseфина made the impressive interior of the palace's hall of state, reflecting the political landscape in the middle of the 19th century. The art in the palace represents the different eras of the palace itself. The tour combines a beautiful nature experience, an insight into 500 years of European art and architectural history, and an understanding of why today's King and Queen of Sweden have chosen to make Drottningholm their residential home.

SEK 1,850

Minimum 10 participants and please see the registration system online for the maximum.

Provisional timing: 09:00–15:00

Come Prepared!

May in Stockholm is a magical time: spring is in bloom, daylight lingers late into the evening, and the city reveals itself with renewed elegance and vitality. It is the ideal month for visitors who appreciate a balance of culture, nature, and refined experiences.

Weather & Ambience

By May, Stockholm sheds its winter coat. Temperatures steadily climb towards 15-20°C during the day, though evenings may still carry a crispness. The weather can be cool and rainy. Daylight spans up to 17 hours, bathing the city in soft, golden light that perfectly frames its architecture and waterfronts. With parks, gardens, and tree-lined boulevards erupting in green, it's a time when locals emerge outdoors, and terraces, cafés and rooftop bars reopen.

What to pack

Layers are key. Early mornings and evenings can be cool, while midday sun can be warm. A light coat, a scarf, perhaps a stylish umbrella in case of spring showers. Please ensure you bring closed shoes for the Scout Activity and suitable walking footwear for the tours and other activities.
